presents

Five Weeks of Saturday Classes

November 6th, 13th, 20th December 4th & 11th
(No Class on November 27th)

— **“ACTING FOR THE CAMERA (DEVELOPING A COMMERCIAL)”:**

(Ages 4 – 8) (Ages 9 & above) 9:30 a.m.

This class will focus on developing and perfecting real commercials through the utilization of subject props, standard times and the TV camera. Each finished commercial will be recorded on a class DVD by a professional videographer. The DVD will be viewed during the final class by students, teachers, and parents.

— **“ANALYZING THE SCRIPT”:**

(Ages 8 and above) 9:30 a.m. & 11:30 a.m.

Success in an audition often consists of an effective interpretation of the scripts. In this course, students will be presented with a multitude of scripts and practices in interpreting them. Announcements, television commercials, dramatic monologues and theatrical scripts each require certain skills to understand them. Identifying the central conflict, knowing what “sells” and understanding a character’s characteristics are some of the skills that will be developed.

— **“The Neutral Mask”**

(For the Advanced Actor) TBA

For the advanced actor, the goal of this course is to assist the actor in removing the “performing masks” the actor “puts on,” thus hiding truth and discovering the “neutral mask” upon which real emotions, and characters can be built. This kind of acting is vital to television since the camera moves in close on the actor, and fake, pretensive masks are quite obvious. The actor must permit him/herself to be vulnerable in front of the camera.
